

Email Correspondence re: Don Maynard Park

May 25, 2021 5:22 PM **From:** Calvin Murphy

Hi Steve,

Thanks for your presentation today. As discussed at our meeting today please provide me with a breakdown on your phased in approach for the project. Although not officially approved. I think it might be a good idea to email the Holy Name of Mary school to see if they have any concerns or issues. Please copy me on the email chain. We will discuss this further at the June 29th Parks and Recreation meeting.

Thanks

Good Morning Calvin:

Attached is my final design for Phase 1. I have done some research and found that it may be possible to get a grant for all of the design and construction for the rear part of Don Maynard Park by Holy Name of Mary.

My Phase 1 design is now much simpler. I am proposing that 4 maple trees be planted and that cedar rail fences with flower gardens be constructed at the front of Don Maynard Park near Gale Street. This could be completed before winter.

I will be asking for donations to pay for the proposed design. I was able to get \$ 600 in donations in 4 hours to buy perennials for the entrance gardens.

Steve

Hey Calvin:

Phase 1 will take until 2022 to finish. I would like to wait to see how it looks before planning anything else for the front of Don Maynard Park. I won't be sending anything else to you for the Committee Meeting except for the Phase 1 picture you have.

Thanks for getting a garbage can in the park so quickly.

Would you consider adding another picnic table and two benches near Gale Street in your 2022 Capital Budget?

Thanks. Steve

Hi Steve,

So to confirm you are only looking to have Phase 1 approved? Which includes planting the 4 trees, the Cedar fence install and planting gardens and removing some vegetation. Question: will your volunteers for adopting Don Maynard park take care of watering the gardens once they are in place?

Can we receive a Phase 2 plan that I can show the committee that breaks down when and what you would like to do when you arrive at this stage?

Thanks

June 22, 201 From: Steve Maynard

Hey Calvin:

Yes, I am only seeking approval for Phase 1. I really have no ideas for Phase 2 yet. I want to wait and see what the trees, and the cedar rail fences and their gardens look like. I can't see Phase 2 being started before the next council is elected.

From what you told me, Tiffany said the girls who water downtown also water the gardens in Don Maynard Park.

Steve
