Honourable and Dear Sirs:

Re: Capital Gains Tax on Primary Residence

The Municipal Council of the Town of Fort Erie at its meeting of May 31, 2021 passed the following resolution:

Whereas primary residences are currently exempt from a capital gains tax, and

Whereas currently secondary and additional non-primary properties are subject to capital gains, and

Whereas the Federal Government is currently looking into a primary residence capital gains tax as they have recognized that affordable housing has become a serious issue in Canada, and

Whereas smaller communities including the Town of Fort Erie are seeing unprecedented higher selling prices that are outpacing prices in larger cities, and

Whereas many hard-working Canadians who have only a primary residence with no additional non-primary homes count on their home equity as financial aid to apply to upsizing or downsizing their home depending on their personal situation, and

Whereas a change in taxation to primary residences would be a significant financial blow to Canadians and would create an unfair, two-tiered taxation which could lead to depleted savings, inter-generational disparities, disparities among diverse groups such as seniors who may have a significant portion of their savings vested in their primary residence, as well as, reducing the ability of home ownership thereby a further, higher need for rentals, and

Whereas the Federal government could look at other means to slow down the rapidly escalating housing costs to improve housing affordability;

Re: Elimination of LPAT

Please be advised that Council for the Town of Halton Hills at its meeting of Tuesday, May 25, 2021, adopted the following Resolution:

Resolution No. 2021-0115

WHEREAS The Government of Ontario, on June 6, 2019, passed the *More Homes, More Choice Act*, 2019, (Bill108);

AND WHEREAS the changes to the Local Planning Appeal Tribunal (LPAT), contained in Bill 108 gives LPAT the authority to make final planning decisions based on a subjective "best planning outcome" approach rather than compliance with municipal and provincially approved official plans and consistency with provincial plans and policy;

AND WHEREAS Bill 108 restricts third party appeals of plans of subdivision only to the applicant, municipality, Minister, public body or prescribed list of persons;

AND WHEREAS Bill 108 takes local planning decision-making out of the hands of democratically elected municipal councils and puts it into the hands of a non-elected, unaccountable tribunal;

AND WHEREAS the LPAT adds cost and delays delivery of affordable housing by expensive, time consuming hearings, contrary to the intent of the *More Homes, More Choice Act*, 2019;

AND WHEREAS Regional and City/Town Councils have spent millions defending provincially approved plans at the OMB/LPAT;

AND WHEREAS Ontario is the only province in Canada that empowers a separate adjudicative tribunal to review and overrule local decisions applying provincially approved plans;

NOW THEREFORE BE IT RESOLVED THAT in the short term, the Minister of Municipal Affairs and Housing immediately restore the amendments to the Planning Act that mandated the evaluation of appeals on a consistency and conformity with Provincial policies and plans basis;

AND FURTHER THAT in the long term the Government of Ontario eliminate the LPAT entirely, as an antiquated body that slows delivery and adds costs to housing supply via expensive and drawn out tribunal hearings;

Her Worship Christa Lowry
Mayor
Municipality of Mississippi Mills
clowry@mississippimills.ca

Dear Mayor Lowry:

I am writing to update you about our government's efforts to expand access to natural gas for families and businesses in rural, Northern and Indigenous communities in Ontario through Phase 2 of the Natural Gas Expansion Program.

Access to natural gas both lowers heating costs and drives economic development. The Natural Gas Expansion Program encourages communities to partner with natural gas distributors on potential projects that are not currently financially viable and would not be built without additional financial support.

While I appreciate your interest in Phase 2 of the program, I regret to inform you that we will not be able to provide funding for the MISSISSIPPI MILLS proposal at this time.

I would like to ensure that you understand how this decision was reached.

There was tremendous interest in Phase 2 of the program. The 210 submissions received by the Ontario Energy Board requested a total of \$2.6 billion in funding. The government originally intended to make \$130 million in ratepayer-funded financial support available for Phase 2 projects over the three-year period from 2021 to 2023. Even with our decision to increase the budget to \$234.24 million and extend funding to 2025, the total requested funding for the 210 submissions still greatly exceeded the funding available. With so many worthy proposals to consider, I'm sure you can appreciate our challenge.

I can assure you that, in assessing the project submissions, my ministry used consistent criteria to assess each and all projects.

.../cont'd

Our top priority was to connect the most customers, as broadly across the province as possible, in the most economically feasible way. To account for these factors, we used the Ontario Energy Board's Profitability Index (PI) indicator to guide us in recommending the most suitable projects for eligibility under Phase 2.

The PI measures the economic viability of a project. The OEB determines whether a project is economical based on the number of customers forecast to connect to the project over a 10-year period in relation to the costs of the project. While none of the projects were fully viable without support, after ensuring that short-listed projects were regionally distributed, the projects that were ultimately selected were the ones with the strongest indexes.

Going forward, we will continue to consider opportunities to further support natural gas expansion beyond Phase 2. I would note that natural gas utilities are welcome to propose expansion projects to the OEB at any time if they are economically viable, and municipalities may want to consider what they can do to assist with the economics of projects in their areas.

Our government will continue to work hard to deliver on our commitment to reduce energy costs.

Thank you for your interest in the Natural Gas Expansion Program and please accept my best wishes.

Sincerely,

ITEM 5A

Dear Mayor Lowry and Members of Council,

Re: Natural Gas Expansion Program

Recently, the Government of Ontario announced the projects that are eligible for funding assistance under its Natural Gas Expansion Program. Regrettably, our project(s) to expand the access to natural gas in your municipality was not selected.

The Natural Gas Expansion Program was oversubscribed and not all projects could be funded. It is our understanding that the Ministry of Energy, Northern Development and Mines has determined that funding will be made available to projects that best meet the Natural Gas Expansion Program objectives and will deliver the maximum benefit possible.

Enbridge Gas remains committed to delivering reliable and affordable energy to more communities, businesses and First Nations. To that end, we are hopeful that the government will recognize the need for continued support of the expansion of natural gas services so that we may have the opportunity to provide expanded access in your municipality, and others, to natural gas in the future.

Enbridge Gas has been meeting Ontario's energy needs for more than 170 years. Our customers count on us to deliver clean, reliable and affordable natural gas, and we are proud to deliver on this commitment. Our work to expand access to natural gas will continue – so too will our exploration of alternative energy solutions, such as renewable natural gas, hydrogen blending and geothermal energy, as pathways to lower-cost, clean and reliable energy options for Ontarians.

Please do not hesitate to contact me, or your municipal advisor, if you have any questions regarding the expansion of access to natural gas. We would be more than happy to meet with you and/or attend a meeting of Council.

Sincerely,

Mayor and Council/Reeve and Council,

On February 16, 2021 Bill C-21, a bill that makes changes to the Criminal Code and the Firearms Act, and targets law abiding firearms owners, was introduced and is being debated in the House of Commons. Conservatives constitutently call for cracking down on illegal gun smuggling, trading, gang and crime gun use, but Bill C-21 misses the mark if the aim really is to improve and protect the personal and public safety of Canadians. Bill C-21 focuses on the wrong people and groups, while also creating uncertainty and adding undo pressure on other levels of government.

Bill C-21 includes provision to allow municipalities to create handgun bylaws, which would place conditions on federal firearms licenses relating to handgun use, storage, or transportation within municipalities that have passed such bylaws.

Residents in cities and other places, with ever increasing gang shootings and violence rightfully expect their government ought to be taking action to keep them safe, but a regulation that gives municipalities the ability to pass bylaws does not do that. The municipal provision in Bill C-21 would be a bylaw on licenses, so this measure literally, specifically, and only targets Canadians who have licenses. This does nothing to stop dangerous criminals who certainly would never comply with a municipal bylaw when they do not obtain their guns legally, do not get licenses and who frankly do not care about criminal laws. What this purposed municipal bylaw section would do is lead to yet another layer of confusing, overlapping regulations and a patchwork of rules for already law-abiding Canadians within and between communities, while violations could result in two years imprisonment or permanent license revocations.

I have been hearing from municipalities concerned with being tasked by the Federal government to create these types of bylaws. They are sharing fears about economic and housing impacts by the perception that one community has higher safety standards than others, or that law-abiding firearms citizens will literally be unaware they are in violation just by crossing a municipal boundary that has different bylaws.

Some municipalities are saying that they do not have the expertise to create these bylaws and certainly would not have the resources to enforce such regulations. They are also concerned these bylaws potentially violate their own provinces' jurisdiction. Some provinces in opposition to the federal legislation have already passed or are proposing laws that would prohibit this type of power to shift to individual municipalities. Saskatchewan has already passed such a provincial law, and Alberta's bill received royal assent on April 29, 2021.

Due to these concerns, some municipalities have already opposed Bill C-21 and have taken the steps to pass resolutions in opposition to this potential new power that they neither requested, nor have the resources to impose and enforce.

I have attached a copy of the resolution passed by the council in Kingsville, Ontario. I encourage you to seek feedback from your rate payers, and to discuss this issue in council. You may decide to pass a similar resolution on behalf of your community. Please feel free to advise my office if you do so, and to reach out if you require any additional information on Bill C-21.

Sincerely,

Thank you
